Objective

To obtain an entry-level or internship position in the computer science field where I can utilize and enhance the skills and knowledge I have acquired during college.

Skills

- Software and hardware technical support.
- Web, desktop, and mobile application development using technologies such as Java, C#, HTML, JavaScript, CSS, Node, and SQL.
- Version control using GitHub.

Education Details

Daytona State College, Daytona Beach, Florida, *Associate of Arts*

2020

- Completed program designed to prepare students for transfer to four-year program.
- Overall GPA was 3.4, with numerous selections to Dean's and President's Lists.
- Graduated with honors.

Florida International University, Miami, Florida

Current Student

Currently enrolled in on-line program to attain a Bachelor degree in Computer Science. Expected graduation date December 2021.

Work Experience

Taco Bell, Lake Mary, FL, *Crewmember*

2016 - 2017

Part time position while in school. Responsibilities included food preparation, customer service, and maintaining restaurant cleanliness.

Bit Tek Solutions, Daytona, FL, *Customer Service Technician Level 1*

2018

Part time position with a local computer repair company. Worked under the owner's supervision, learning to diagnose and repair computer hardware and software issues. Once an issue was diagnosed, I was responsible for communicating repairs and pricing with customers and recommending additional services if warranted. Left position as the company was transitioning out of business.

Circle K, Deltona, FL, *Clerk*

2018 - 2019

Part time position while attending school. Responsible for customer service, restocking inventory and maintaining store cleanliness during shifts.
